ELECTION

In response to the Restriction set forth in the Office Action of January 15, 2002, Applicants herewith submit an Election, without Traverse, as follows.

The Examiner's attention is directed to The Office Action Summary, copy enclosed, which indicates a shortened Statutory Period of 3 Months. Accordingly, it is believed that the present response is timely, and that no Abandonment of the Application due to failure to reply within 30 days (as is the conventional Statutory Period for Response to a Restriction Requirement) has occurred. No other indication of a Date for Reply is present in the Office Action.

Restriction has been required between Group I, Claims 1-8 drawn to a birefringement diffractive color changing film, classified in class 362, subclass 293; Group II, Claims 9-14 and 19-25 drawn to a multiple layered optical film, classified in class 428, subclass 212; and Group III, claims 15-18 drawn to a deodorizing optical film classified in class 362, subclass 96.

While not in agreement with the Examiner, Applicant hereby elects to prosecute the claims of Group I, claims 1-8, without traverse, so as to expedite prosecution of this application on the merits.

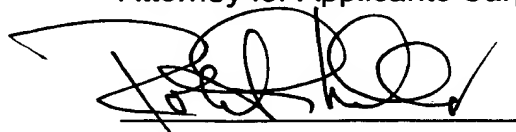

Claims 9-25 remain in the application pending the filing of an appropriate divisional application but are withdrawn from consideration in this application.

Applicant appreciates the examiner's reminder that upon the cancellation of claims to a non-elected invention the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application.

Wherefore in view of the above election, applicants believe that this application is in condition for allowance and respectfully request notice that all claims have been allowed.

Respectfully submitted,

Attorney for Applicants Carpenter *et al.*
